~~CONFIDENTIAL~~

Chief, Security Staff, GL

8 SEP
1958

Deputy Director of Security (PPS)

Proposed Industrial Security Manual

1. Permission is hereby given to publish and distribute to contractors an Industrial Security Manual. It is our understanding that the purpose of this manual is to establish security controls of classified matter disseminated to contractors who have been awarded contracts of an unclassified nature by the Agency.

2. It is suggested that references to "CIA," "the Agency," and "intelligence" be deleted.

3. A footnote reference should be included giving credit to source in each instance when subject matter has been extracted from publications of other Government Agencies.

FOR THE DIRECTOR OF SECURITY:
